

**WRECK IN AUTO ACCIDENT**  
**WOUNDS ARE PAINFUL BUT NOT SERIOUS**  
Mrs. Corey Also Sustains Contusions But Is Not Dangerously Hurt.

Paris, June 11.—The morning papers say that William E. Corey, president of the United States Steel Corporation, who was hurt in an automobile accident near Palatka yesterday, sustained injuries on the head and legs, but that his wounds are not serious. The Corey automobile in which Mr. and Mrs. Corey and M. Godilleau, manager of Mr. Corey's French estate, was being operated by a new chauffeur. The machine made a sharp turn, skidded and overturned. Godilleau, who was sitting beside the chauffeur, was caught underneath the car, his skull being fractured and his chest crushed. He is in a serious condition. Mrs. Corey also sustained contusions, but her condition is not grave.

**TO BE HELD ON MONDAY NIGHT**  
**Engineering and Power Proposal**  
**Not Reports Maybe Given**  
**Definite Action.**

There will be an important meeting of the city council Monday night. At the meeting last Monday night the engineering and power propositions were turned over to a committee which will make a report at this meeting. It is possible that some definite action will be taken on these matters. The City Market and High School questions are also due to come up. All these matters are of vital importance to Dothan and the meeting promises to be interesting.

**"PERFECTION" MOSQUITO AND FLY CANOPIES**

# The Dothan Eagle

W. T. HALL, Editor and Prop

Telephone No. 119

Entered at the postoffice at Dothan, Alabama, as second-class mail matter.

Daily, for one year ..... \$5.00

(Every afternoon except Sunday)

Weekly, one year ..... \$1.00

(Published every Saturday)

Saturday, June 12, 1909.

Kathrine Gould asks for \$120,000 a year from her husband's hard earned savings, besides being set free from him.

It is said that they are now making chairs of alfalfa. We see nothing so strange about that for the cabbage crop is not reported what it ought to be.

The Savannah News remarks that "ballooning will never become popular in Alabama and Kentucky till the people are educated out of the idea of shooting every strange thing they see.

Willie Bryann, Jr. was pulled in Lincoln the other day for exceeding the speed limit, and some paper has already spoken of how he is laying it on to his father, as a runner.

The Boat Rocking Man has been rather slow in starting about his summer's work. Maybe he succeeded in drowning all the girls who would risk riding with him and then jumped overboard himself.

The newspaper men of Alabama are looking forward anxiously to the time when they board the train for Dothan. It is said Editor Pepperman has purchased a brand new "sombrero" for the occasion, to say nothing of giving his "Ella" a fresh pressing.

—Athens Democrat.

It is a hard matter to find an Ambassador to St. James court, and a Minister to China, and it does look like Mr. Taft hasn't exercised the proper diligence in looking up a man. He has not tried a want ad in the leading Sunday dailies—not even in this paper—and we would hate to give up the job, if we were in his place, till we tried 'em all.

## A NEW BOOK.

From the press of D. Appleton & Co. comes a publication by Holman Day. Holman Day is having his stuff published up with but little trouble. He gets it published because it is a paying business. The matter in the book he has published is on prohibition. He got out a work some time ago, and now this under the "Maine Faces Bitter Facts," heading, makes its appearance. The book is no book at all, but a pamphlet, about the size of the minutes of a Baptist Association, except the typography is a grade higher than that of the said minutes. The matter in these pages is of vast interest to those whose occupation leads them to the manufacture of beverages, such as whiskey, strong wines, malt, and other liquids that make the man throw his hat away and grind it under his heel, and then get a coil of cable and try to tie his head up so it will stay together.

The whiskey people are employing the best talent that money can buy, to present their side of the case, and this is but fair, for the other side has had the brains to make the mighty fight interesting.

The first day we run out of reading material, and the patent inside given out, we expect to read what the author has to say on Maine, and the liquor question.

The Birmingham News publishes a picture of Dr. Thurston, of Mt. Vernon, Tex., who was in attendance at the reunion at Memphis the other day. He was a Con-

federate soldier, and when he straightened up to take a pop at a blue coat, he stood seven feet seven and a half inches in his stocking feet, provided he wore them, and there is no wonder the whole regiment turned and beat it to the woods, if they saw many like him, in the days of the sixties.

## THE NEW MACHINE

The Electric Theatre has installed a new machine, the kind that doesn't flicker, and tire the eyes. One can look on the pictures as if they were common photography, and the moving characters move as if true to life, before the eye.

One redeeming feature about Mr. Morris' management of the picture show is that he doesn't advertise something he hasn't got. He tells the people the truth all the way through and they have learned to look for what he advertises, and it is on this rule that he has made the success of the business that he has.

Mr. and Mrs. W. H. Sanford and children of Troy will be the guests of Mr. and Mrs. R. H. Parker tonight and tomorrow on their way to Panama City.

## FRUITLESS FAME

"What is your member of Congress noted for?"

"Well," answered Farmer Corn-tassel, "round here he's mostly noted for arguments that won't go down and seeds that won't come up."—Washington Star.

## ANSWERED.

"What happens when a man's temperature goes down as far as it can go?"  
M: "He has cold feet, ma'am."—Christian Register.

## EARLY WATERMELONS

Mr. A. L. Tindall brought to Dothan a ripe watermelon today weighing about twenty pounds. Mr. Tindall has ten acres in melons and will begin shipping next week.

Mr. Tindall does not depend on cotton to make a living. If the farmers of this section would follow the example of such men as Mr. Tindall it would not matter much to them if cotton was 10c or six. A good many have melons planted this year and the prospects for good prices seem bright.

# 25 PER CENT OFF

The 25 per cent reduction made on clothing was the means of selling many suits, but as the weather grows warmer, we feel more like continuing to sell all of our clothing at one fourth less than the regular selling price.

All goods marked in plain figures Same price to all. One man's dollar buys as much as another's at our store.

## SUIT CASES AND BAGS

We have received two shipments of Suit Cases and Bags, and you know when traveling one is judged as much by his suit case as by the clothing he wears. Ours range in price from \$3.50 to \$25. We can please you in this line.

## BATHING SUITS FOR COUNTRY EDITORS

We anticipated the demand for bathing suits and have put in well selected line, prices from \$1.50 to \$2.50 a suit. Come by and look in on them.

### IMPORTANT TRANSFER

The Atlanta and St Andrews Bay Railway Co today filed for record in the probate office deeds of transfer of the entire Atlanta and St Andrews Bay Road and right of way from Dothan to Panama City and a large tract of land in Dothan on which the offices and yards of the road are situated, from the Enterprise Lumber Co to the Atlanta and St Andrews Bay Railway Co.

The Road was first built by and all property and rights of way secured in the name of the Enterprise Lumber Co, of Atlanta and these papers are just a formal transfer of the property to the Railway Co.

### CONDENSED STATEMENT

Since the February meeting of the Commissioners court, and up to and including April 23 meeting the following warrants have been drawn for accounts as follows:

Support of pauper list \$ 390 25  
Bridge work and material 1802 50  
Work on hills 242 70

William E. Corey and wife were thrown from an automobile in France the other day and bruised to where their grandma wouldn't know them. Corey was using a new man at the steering wheel of his machine.

### HOW TO BUY TOILET ARTICLES

In the minutes of the commissioners court, which has been run in this paper, is

found one item in the list of accounts paid, which shows that \$30 for toilet paper for the jail was paid at one time. That's the advantage of being in a position to buy such items in big lots. Now the ordinary family school, hotel or other buildings where quite a lot of the stuff is used make a mistake by buying only enough to do three or four years at one time. If they would anticipate the needs of their business and bought for eight or ten years at one time they would save much money, no doubt.

### NEW COTTON FIRM

#### FOR DOTHAN

Mr. W. L. Casey of Ozark and Mr. George Cotton of Dothan have established a cotton business in Dothan under the firm name of W. L. Casey and Company.

Mr. Casey is a well known cotton man of Ozark, where he has been in the business for a number of years under the same firm name. The Dothan business will not be connected with the Ozark firm.

Mr. Cotton is one of the best known cotton men in South East Alabama having bought cotton in Dothan since Dothan has been Dothan. He has the unique distinction of having bought and shipped the first lot of cotton ever shipped from this place. In the early fall of 1889 he bought 300 bales from Mr. John Drewry. At that time the contractors had not turned the Railroad then the Alabama Midland over to the Company and Mr. Cotton had to deal with the contractors to get the cotton hauled to Savannah. Mr. Cotton was then buying for H. L. Bandy and Co. of Opelika.

The Ozark Star has the following to say about the firm: "W. L. Casey and Co. have opened a cotton office in Dothan which will be in charge of Mr. Geo. Cotton, one of the best known cotton men in South Alabama. Mr. Casey, the head of the firm, has long been recognized as one of the best cotton men in the business and we will predict that under the splendid management of Mr. Geo. Cotton the Dothan office will be eminently successful."
